

Agricultural and Extension Education

Our graduate programs offer flexibility and enable graduates to pursue diverse career options. Prepare for a career teaching agricultural education to middle or high school students, or become an Extension agent helping farmers and families succeed in their communities. Pursue other rewarding positions such as agricultural museum curators, environmental educators, agricultural missionaries, agricultural public relations representatives, or congressional officers.

The following graduate programs in Agricultural and Extension Education are available:

- Graduate Certificate in Agricultural and Extension Education (requires 15 hours)
- Master of Science in Agricultural and Extension Education (requires 36 hours including a thesis)
- Master of Agricultural and Extension Education (requires 30 hours; can be taken as an on-campus degree or a 100% internet-based degree program)
- Sixth-Year Certificate in Agricultural Education
- Doctor of Education in Agricultural and Extension Education (requires 72 hours)

Admission Requirements

- A minimum undergraduate GPA of 3.0 for Masters and Certificate applicants; a minimum graduate GPA of 3.5 for Doctoral applicants
- Three letters of recommendation
- A statement of purpose: Prospective graduate students will draft a statement of purpose for graduate work. If the student intends to complete a thesis or dissertation, the statement should also indicate the nature of potential research work, including possible topics or questions, and minimally two professors from the Agricultural and Human Science department whose research areas potentially align with those possible research topics. Prospective students should plan to meet with faculty prior to submitting their applications to discuss the research with those professors and include those ideas in the statement.
- Relevant experience – for doctoral applicants
 - 1 year required experience, 3 years recommended
 - Relevant experience in extension, teaching, industry, leadership, or other closely related field

Master's Degree Requirements

The Department offers an M.S. degree, which requires a thesis for which the student receives six hours of credit, and a Master of Agricultural and Extension Education (M.R.) as a non-thesis track. The M.S. degree requires a total of 36 credit hours, whereas the M.R. degree requires 30 credit hours. The student's advisory committee will meet with the student to determine the appropriate courses for their Plan of Work. M.S. students have the option of adding a minor which requires a minimum of 9 credit hours.

Graduate Certificate Requirements

The Department also offers a graduate certificate in agricultural and extension education. This certificate program involves completion of

15 credit hours divided into two focuses: Agricultural Education and Extension Education.

Sixth-Year Certificate

The Department offers an array of courses that are recognized by the NC Department of Public Instruction as comprising a Sixth-Year Certificate. Students are required to complete 24 hours of advanced graduate work past the Master's degree. Contact the Director of Graduate Programs for details.

Doctoral Degree Requirements

A Doctor of Education (Ed.D.) degree in Agricultural and Extension Education is offered. A minimum of 72 hours past the Bachelor's degree is required. More hours may be required based upon the past degrees and experiences of the candidate. The student's graduate committee will determine the specific courses needed. At least six hours of statistics is required. Twelve hours of credit is earned for writing the dissertation (AEE 895). The student's advisory committee will meet with the student to determine the appropriate courses for their Plan of Work.

Student Financial Support

A limited number of research and/or teaching assistantships are available on a competitive basis. Applications for open positions are due in January for the following academic year. Other financial aid is available from the Office of Financial Aid and on a competitive basis from the Graduate School.
