College Counseling and Student Development

All master's degree programs (on-campus and online deliveries) are accredited by the Council for Accreditation of Counseling and Related Educational Programs until October 31, 2020. Because of the impact of COVID-19 pandemic, the accreditation review has been delayed. We expect to receive a one-year extension of accreditation from CACREP to complete the review process.

Admission Requirements

Admissions Requirements for Master's Programs (on-campus and online programs):

- Completed online application, resume, personal statement/goals, and non-refundable application fee
- GRE Scores/MAT Scores
- 3 recommendations from people who know your academic record and potential for graduate study (letters should be uploaded online)
- Official transcripts of all post-secondary education
- Official** statement of English Proficiency (TOEFL) for international students

Applicants are expected to have an undergraduate GPA of 3.0 or higher.

Master's Degree Requirements

For master's degree concentrations, admission is limited in order to maintain faculty-student interaction in didactic classes, for supervision in practica and for informal contact. Generally, class size averages between 20 and 25 in didactic, 4-5 in practica, and the advising ratio is approximately 1 to 10.

The Master's of Education Degree (M.Ed.) is primarily a practitioner-oriented master's and is offered in the on-campus program or DE online program. The Department of Counselor Education offers three programs of study leading to the Master of Education Degree:

- Clinical Mental Health Counseling ([http://catalog.ncsu.edu/graduate/education/clinical-mental-health-counseling/clinical-mental-health-counseling-med/] )
- College Counseling and Student Development ([http://catalog.ncsu.edu/graduate/education/college-counseling-student-development/college-counseling-student-development-med/] )
- School Counseling ([http://catalog.ncsu.edu/graduate/education/school-counseling/])

Degrees earned will be distributed as: “Master of Education” without program of study specifications. Programs of study will only be printed on transcripts.

These programs of study require a minimum of 60 credits. Students who complete the program will be eligible to sit for the National Counselor Examination (NCE).

Student Financial Support

At NC State, our goal is to assure that no student who can benefit from an NC State education be denied that opportunity due to finances. We are committed to allocating our financial aid resources to help the broadest range of students. Go to the following Internet site for information about financial aid: [http://www.fis.ncsu.edu/financial_aid/].

Graduate students may apply for Federal Subsidized and Unsubsidized Stafford Loans, and for Federal Work-Study employment. Qualified graduate students pursuing masters or doctoral degrees may also apply for fellowships, assistantships and other awards offered through individual colleges and the Graduate School.
