

# Economics (PhD)

## Degree Requirements

| Code                                 | Title  | Hours | Counts towards |
|--------------------------------------|--|-------|----------------|
| <b>Core Courses</b>                  |  |       | <b>18</b>      |
| ECG 701                              | Microeconomics I   |       |                |
| ECG 702                              | Microeconomics II  |       |                |
| ECG 704                              | Macroeconomics I   |       |                |
| ECG 705                              | Macroeconomics II  |       |                |
| ECG 751                              | Econometric Methods  |       |                |
| ECG 752                              | Time Series Econometrics   |       |                |
|                                      | or ECG 753 Microeconometrics   |       |                |
| <b>Field Courses</b>                 |  |       | <b>18</b>      |
| Select six of the following courses: |  |       |                |
| ECG 706                              | Industrial Organization  |       |                |
| ECG 707                              | Topics In Industrial Organization                                      |       |                |
| ECG 708                              | Advanced Microeconomic Theory  |       |                |
| ECG 709                              | Behavioral and Experimental Economics                                  |       |                |
| ECG 715                              | Environmental and Resource Economics                                   |       |                |
| ECG 716                              | Topics In Environmental and Resource Economics                         |       |                |
| ECG 730                              | Labor Economics  |       |                |
| ECG 739                              | Empirical Methods for Development Economics and Applied Microeconomics |       |                |
| ECG 740                              | Economic Growth and Development  |       |                |
| ECG 741                              | Agricultural Production and Supply                                     |       |                |
| ECG 742                              | Consumption, Demand and Market Interdependency                         |       |                |

ECG 748 Theory Of International Trade

ECG 749 Monetary Aspects Of International Trade

ECG 752 Time Series Econometrics

ECG 753 Microeconomic:

ECG 766 Computational Methods in Economics and Finance

ECG 784 Advanced Macroeconomics

ECG 785 Monetary Economics

ECG 790 Avanced Special Topics

Additional 700-level statistics courses may be determined in conjunction with the academic committee

**Dissertation Research Course 36**

ECG 895 Doctoral Dissertation Research

**Total Hours 72**

<sup>1</sup> Four courses must be two 2-course sequences

<sup>2</sup> To complete the econometrics field, an ST 700 level course must be taken in addition to ECG 752 Time Series Econometrics and ECG 753 Microeconometrics.
