

Textile Technology Management

The Ph.D. in Textile Technology Management (<https://textiles.ncsu.edu/academics/graduate/textile-technology-management/>) (TTM) program is designed to educate students for research and management careers in textile technology management in the fiber, textile, apparel, retail and related industries complex, as well as for positions in government and academe.

Due to the interdisciplinary nature of textiles, students pursuing a Ph.D. in textile technology management research a nearly unlimited range of topics, including:

- Yarn and fabric formation
- Product development and design
- Supply chain management
- Sustainable production and consumption
- Innovative technology applications
- Consumer behavior
- Market analysis

Scholarships and Assistantships

Competitive scholarships and assistantships from the program, as well as the university, are available to incoming new students. All incoming students will be considered for the funding opportunities. No separate application for assistantships/scholarships is needed.

More Information

Textile Technology Management Program Website

Admission Requirements

Students with a Master of Science (M.S.) degree in a related field may apply to the Textile Technology Management program. Typically, the minimum acceptable overall grade point average (GPA) is a 3.0 out of 4.0, based on most current U.S. universities. Students without a master's degree may also apply if they meet the following conditions:

1. an undergraduate degree from a well-known and robust research active program with a cumulative GPA of 3.5 or above;
2. strong recommendation letters from faculty adviser(s) indicating research experience or suggesting research potential; and
3. strong publication record/experience or extensive industry experience in related industry/profession.

Applicants should plan to take the GRE or GMAT examination, which is required for all applicants. The GRE/GMAT scores should be sent to NC State University electronically and be available online.

For International students, TOEFL or IELTS is required for the application. Students must rank in a competitive percentile in order to be considered for acceptance into NC State University and our department.

- TOEFL: A total score of 80+ on IBT. Minimum scores of 18 points for each section: or

- IELTS: An overall band score of 6.5+. Minimum scores of 6.5 points for each section
