Like the field of chemical engineering itself, our department’s work transcends disciplinary lines. Our students, faculty, and alumni work with colleagues across the academic and engineering spectrum in fields such as biotechnology, polymers, nanotechnology, energy and environmentally responsive processes, and biomanufacturing. Our students learn by doing in cutting-edge labs and facilities. They work hand-in-hand with industry and government partners to get things done, from sponsored research that advances our understanding of the world to senior design projects that tackle real-life problems. When they graduate, our students are ready for the next step: roughly 85% go into the chemical or pharmaceutical industries, and 15% pursue graduate or professional studies.

Department Highlights:

- Undergraduate students have the option to pursue concentrations within the curriculum, including Biomolecular, Biomanufacturing, Nanoscience, and Sustainable Engineering, Energy, and the Environment. We also offer a departmental Honors Program.
- The American Institute of Chemical Engineers (AIChE) student chapter has been consistently recognized as one of several Outstanding Chapters for the last 20 years.
- Almost 20% of NCSU CHE students have a university, college, or departmental scholarship.
- Many internship and co-op opportunities are available, with almost 15% of our students completing a co-op.

For more information about our department, including contact information, visit our website (https://www.cbe.ncsu.edu/).

Department of Chemical and Biomolecular Engineering
North Carolina State University
Campus Box 7905
Raleigh, NC 27695-7905

Contact
Dr. Peter Fedkiw
Professor and Department Head
North Carolina State University
2006 Engineering Building 1
Raleigh, NC 27695-7905
Phone: 919-515-3572
Email: fedkiw@ncsu.edu

Faculty
Head
P. S. Fedkiw

Associate Head
J. Genzer

Celanese Acetate Professor
G. Parsons

Director
L.G. Bullard, Director of Undergraduate Studies
R.M. Kelly, Director of NCSU Biotechnology Program
S.A. Khan, Director of Graduate Programs

Teaching Professor
L.G. Bullard

Frank Hawkins Kenan Distinguished Professor
R.G. Carbonell

William R. Kenan, Jr. Distinguished Professor of Chemical Engineering
J.M. DeSimone

H. Worley Clark Distinguished University Professor
K.E. Gubbins

Camille Dreyfus Professor
C.K. Hall

Camille Dreyfus Professor Emeritus
H.B. Hopfenberg

Alcoa Professor
S.A. Khan
R.M. Kelly
M. Dickey

Distinguished University Professor
D.F. Ollis
R. Spontak
INVISTA Professor
O. Velev

Professors
M.C. Flickinger
C.S. Grant
J.M. Haugh
H.H. Lamb
P.K. Lim
P.R. Westmoreland

Professor Emeritus
K.O. Beatty

Adjunct Professor
A. Andrady
G. Findenegg
E. Muller
B. Pourdeyhimi
M. Schoen
M. Sliwinska-Bartowiak
J. Trainham
X. Lu

Associate Professor
K. Efimenko
F. Li
S.W. Peretti
B. Rao

Associate Professor Emeritus
H. Winston

Adjunct Associate Professors
H. Bock
W.A. Henderson
J. Srogl
Krassimir Velikov

Assistant Professors
M. Abolhasani
C.L. Beisel
N. Crook
L. Hsiao
A. Keung
G.T. Reeves
A. San Miguel Delgadillo
E. Santiso
Q. Wei

Adjunct Assistant Professor
P. Gurgel

Teaching Associate Professor
M.E. Cooper

Plans
• Biomanufacturing (Certificate) (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/biomanufacturing-certificate/)
• Biomanufacturing (Certificate) (For Post-Baccalaureate Students) (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/biomanufacturing-certificate-post-baccalaureate/)
• Biomanufacturing (Minor) (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/biomanufacturing-minor/)
• Chemical Engineering (BS) (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/chemical-engineering-bs/)
• Chemical Engineering (BS): Biomanufacturing Sciences Concentration (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/chemical-engineering-bs-biomanufacturing-sciences-concentration/)
• Chemical Engineering (BS): Biomolecular Concentration (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/chemical-engineering-bs-biomanufacturing-concentration/)
• Chemical Engineering (BS): CHE/TE Dual Major (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/chemical-engineering-bs-textile-dual-major/)
• Chemical Engineering (BS): Honors Concentration (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/chemical-engineering-bs-honors-concentration/)
• Chemical Engineering (BS): Nanoscience Concentration (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/chemical-engineering-bs-nanoscience-concentration/)
• Chemical Engineering (BS): Sustainable Engineering, Energy, and the Environment (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/chemical-engineering-bs-sustainable-engineering-energy-environment/)
• Chemical Engineering (Minor) (http://catalog.ncsu.edu/undergraduate/engineering/chemical-biomolecular/chemical-engineering-minor/)
