

Ethics (Minor)

To see more about what you will learn in this program, visit the Learning Outcomes website (<https://apps.oirp.ncsu.edu/pgas/>)!

Ethical issues arise in every field of human endeavor, so knowledge of ethics is beneficial to students regardless of their major. The Minor in Ethics is designed to expose students in a systematic way to the fundamental theories and concepts of ethics. It is a highly desirable minor because it demonstrates to employers, graduate schools, and professional schools an interest in and knowledge of ethical issues.

In addition to taking a solid core of philosophy courses focusing on ethics, students pursuing the minor may also elect to count towards it one relevant course from another department. This course will be chosen from a list of courses offered by a wide range of other departments including Anthropology, Engineering, Genetics, History, Microbiology, Political Science, and the Science, Technology, & Society Program.

Admissions

Students may declare their intention to complete the Ethics minor. Should students wish to transfer courses from other institutions toward the minor, students should consult with Dr. Timothy Hinton, advisor for the minor.

Certification

To be certified as having completed the minor in Ethics, students must have a minimum 2.0 grade point average across all courses used toward the minor. Dr. Hinton will certify the minor prior to graduation. The minor must be completed no later than the semester in which the student expects to graduate from his or her degree program. Paperwork for certification should be completed no later than during the registration period for the student's final semester at NC State.

Plan Requirements

- The minor consists of 15 hours of credit (5 courses) including 6 hours of required courses and 9 hours of elective courses.
- A grade of 'C-' or better will be required for all courses taken to fulfill the minor requirements.
- A maximum of **two** (2) courses may be used (double-counted) towards both departmental major requirements and minor requirements.

The department will determine whether courses which have been transferred from other institutions qualify for the minor. No more than two courses from other institutions may count toward the minor.
