

Health (Minor)

To see more about what you will learn in this program, visit the Learning Outcomes website (<https://apps.oirp.ncsu.edu/pgas/>)!

The Department of Health and Exercise Studies offers a 15 credit hour health minor that is designed for undergraduate students wishing to pursue careers in health-related professions and for students wishing to gain in-depth knowledge in various contemporary health-related topics for their own personal development. The minor provides students with theories, concepts, and practical skills concerning health behavior and includes a practicum to apply theory to practice.

Recent practicum experiences have included projects with:

- Aids Alliance
- American Cancer Society
- Local middle school health classes
- Boys & Girls Club

Plan Requirements

- A grade of "C-" or better required in each course.
- Minimum overall GPA of 2.0 in the minor.
- All Health Minor courses (16 credit hours) must be taken for a letter grade to complete the Health minor.
- The minor will require a minimum of ten (10) hours taken at North Carolina State University.
- HESM 285 Personal Health will be a prerequisite for HESM 375 Health Planning and Programming.
- HESM 285 Personal Health and HESM 375 Health Planning and Programming will be prerequisites for HESM 377 Methods of Health Promotion.
- A maximum of TWO (2) courses may be used (double-counted) towards both departmental major requirements and minor requirements.
- No courses for the minor may be taken for S/U credit.
