

Textile Engineering (MS)

Master of Science Degree Requirements

Students are required to take a total of 8 courses (24 credits of graded coursework), meeting criteria #1 and #2 below, courses may count toward both criteria (e.g. all TE and some TC courses). Additional courses must be of the graduate level (500-level or above) and be relevant to the field of study.

Code	Title	Hours	Counts towards
TECS Core Courses		15	
Criteria #1 ¹			
See "Criteria #1" listed below			
Engineering Content Courses		12	
Criteria #2			
See "Criteria #2" listed below			
TECS Seminar		2	
TE 601	Seminar		
TE 601	Seminar		
Research / Independent Studies		6-9	
Select either "Option A" or "Option B"			
Option A ²			
TE 630	Independent Study		
TE 693	Master's Supervised Research		
TE 695	Master's Thesis Research		
TE 696	Summer Thesis Research		
Option B ³			
TE 630	Independent Study		
TE 630	Independent Study		
Total Hours		32-36	

¹ The TE courses may also count towards criteria #2 as listed there

² At least 6 credits of research or independent study courses, the first 6 credits are always recommended to be TC 630

³ 6 credits of independent study

Criteria #1

Accelerated Bachelor's/Master's Degree Requirements

The Accelerated Bachelors/Master's (ABM) degree program allows exceptional undergraduate students at NC State an opportunity to complete the requirements for both the Bachelor's and Master's degrees at an accelerated pace. These undergraduate students may double count up to 12 credits and obtain a non-thesis Master's degree in the same field within 12 months of completing the Bachelor's degree, or obtain a thesis-based Master's degree in the same field within 18 months of completing the Bachelor's degree.

This degree program also provides an opportunity for the Directors of Graduate Programs (DGPs) at NC State to recruit rising juniors in their major to their graduate programs. However, permission to pursue an ABM degree program does not guarantee admission to the Graduate

School. Admission is contingent on meeting eligibility requirements at the time of entering the graduate program.
