

# Economics (Minor)

---

The Department of Economics offers an undergraduate minor in Economics to all undergraduate majors outside the Department of Economics. The minor in Economics is designed to help students develop a basic understanding of the principles and applications of economics. By pursuing this minor the student will: develop an understanding of microeconomic and macroeconomic theory and the role of markets; understand the effects of government regulation and policy on economic behavior; learn to apply economics to contemporary social and market issues; and develop analytical skills.
