Economics (Minor)

The Department of Economics offers an undergraduate minor in Economics to all undergraduate majors outside the Department of Economics. The minor in Economics is designed to help students develop a basic understanding of the principles and applications of economics. By pursuing this minor the student will: develop an understanding of microeconomic and macroeconomic theory and the role of markets; understand the effects of government regulation and policy on economic behavior; learn to apply economics to contemporary social and market issues; and develop analytical skills.
