The Department of Textile and Apparel, Technology and Management (TATM) offers Bachelor of Science degrees in Fashion and Textile Management, and in Fashion and Textile Design. The B.S. in Fashion and Textile Management permits the student to specialize in one of two concentrations: Textile Brand Management and Marketing, and Fashion Development and Product Management. The B.S. in Fashion and Textile Design degree offers two concentrations in Fashion Design and Textile Design. Each program requires a common series of foundation courses covering the principles, fundamentals, and applications of textile technology and business. The Department’s programs build on strong global textile complex industry partnerships (fiber to end use consumer) to prepare future industry leaders.

Department Highlights:

- The Department has state of the art laboratories and studios including the Textile Management Science Laboratory, Digital Design Center, Fashion Studio, Textile Design Studio, Surface Design Studio, Filament and Technology Lab, Specialty Software Computer Lab, and Digital Printing and Seamless Knitting Studio.
- TATM places a key importance on career management preparation for our students and strongly encourages internships as a preparation for full-time employment.
- The Department publishes an online electronic journal quarterly, Journal of Textile and Apparel, Technology and Management (JTATM), which provides industry, government and academic personnel with the timely dissemination of textile information. Visit JTATM (https://jtatm.textiles.ncsu.edu/index.php/JTATM/index/) to learn more.

For more information about our department, including contact information, visit our website (https://textiles.ncsu.edu/tatm/).
