

Nonprofit Studies (Minor)

To see more about what you will learn in this program, visit the Learning Outcomes website (<https://apps.oirp.ncsu.edu/pgas/>)!

The interdisciplinary minor in Nonprofit Studies is designed to prepare undergraduate students for careers in the nonprofit sector. This curriculum provides students with an understanding of the role of the nonprofit sector in society and builds students' knowledge, skills, and abilities in effective nonprofit leadership. Through multiple service-learning experiences and a nonprofit internship requirement, students are offered a variety of hands-on experiences designed to facilitate an understanding of the issues and challenges faced by nonprofit organizations and prepare students for nonprofit leadership positions in the 21st century. The minor in Nonprofit Studies is a strong complementary course of study for students with majors offered across the NC State campus including Communication, English, History, Political Science, Psychology, Social Work; Parks, Recreation and Tourism; Forestry; Business Management; Art and Design; Education and more. The minor in Nonprofit Studies enables students to explore the interconnections between their chosen field and the nonprofit sector. No courses for the minor may be taken for S/U credit.

Admissions

Please email nonprofitminor@ncsu.edu for information.

Certification

Prior to the end of the first week of the student's final semester, the student must sign the application form, indicating all grades received for the courses completed in the minor program and any courses to be taken during the student's final semester. The form must also indicate that the student has completed or is completing the internship and capstone course requirement. The Director of the Institute for Nonprofits, as listed below, will certify the completion of the minor.
